For works published abroad the date and place of publication must be indicated.
5. Publications written in a foreign language must be accompanied by a certified Italian translation by official translator or consulate/embassy. The translation process is not required for publications written in French, English, German and Spanish.

Art. 6 - Renouncing Participation

Candidates wishing to renounce participation in the selection procedure are required to write to the Rector to declare their intentions using the same modalities specified for application consignment, including in their letter a photocopy of a valid identity document. Their renouncement shall be made official during the first meeting following receipt of renouncement.

Art. 7 - Nomination of the Examining Board

1. The Board, made up of three members of which at least two tenured professors and two from other universities, named by the Department and connected with the academic recruitment field or the academic discipline concerning the position object of the public selection procedure, is appointed by a Rector's Decree. One member must be chosen among high profile experts from a university or research center in another OECD country.
2. Individuals condemned for crimes – even if not yet sentenced – in Book II of the Italian Penal Code (“crimes by civil servants against public administration”) cannot be nominated.
3. Unless documented reasons exist, at least one third of the Board members is to be reserved to women.
4. The Rector's Decree appointing the Examining Board shall be published on the University's Albo Ufficiale and on the University website.

AREA GESTIONE DELLE RISORSE UMANE
Settore Concorsi e Selezioni

5. From the date the Rector's Decree nominating the Examining Board is published candidates have 10 days – considering the urgency to conclude this selection procedure - to state their opposition to any of the components of the Board. After this period no instances may be presented.
6. The Board nominates a President and Secretary.
7. The Board operates with the presence of all its members and takes decisions unanimously.
8. Participation in all Board activities is mandatory for all members.
9. The Board, upon notifying the head of the selection procedure and receiving authorization from the Rector, may hold meetings using telematic technology. At the end of the meeting the minutes must be drawn up, approved, signed and forwarded to the competent administration office. Where applicable, reference has to be made to the University's Regulations (Rector's Decree n. 467 April 18, 2016).
10. Expenses incurred may be reimbursed in accordance with the University's Regulations pursuant to Art. 7, Paragraph 4 in reference to the recruitment of fixed-term researchers.

Art. 8 - Role and Duties of the Examining Board

1. In the first session the Board, having determined that in compliance with related laws, no incompatibility factors are present, outlines the preliminary assessment criteria and procedures for selection in compliance with the parameters indicated in Ministerial Decree n. 243, 25 May 20011 and the criteria established by the Departments.

The Board also establishes an analytical system to confer points to candidates after preliminary assessment has been completed. The Board then establishes which candidates are admitted to the interview, together with the criteria for testing their English language skills, and Italian language skills for foreign applicants.

2. The head of the selection procedure is immediately notified of the above mentioned results which are to be published on the University's Albo Ufficiale and on the website for at least 7 days before the Board can move on to the next phase of the selection procedure.

3. The above mentioned preliminary procedure initially involves determining if the candidates possess the requisites for participation, then their CVs and publications, including their Ph.D thesis, are assessed.

4. Following preliminary assessment, the Board will admit the most worthy candidates - 10 to 20 per cent of the original candidates – and no less than six in number - to participate in a public discussion of their qualifications and scientific work; all candidates shall be admitted to the discussion should their total number be equal to or less than six.

5. The list of candidates is drawn up by the Board and published on the University's Albo Ufficiale and on the website at least 10 days before the interview. **This is to be considered an official notification for candidates. Candidates are required to appear for their interviews on the indicated date with a valid identity document. It is important to remember that candidates are not notified individually but only through the above stated notifications published online.**

6. Following the interviews, the Board grades the candidate's qualifications, attributes a grade to each publication and assesses interview and foreign language skills. Once this has been completed the Board draws up a ranking of the candidates and deliberates (by majority) the winner of the selection procedure.

The results of all of the above are published on the University's Albo Ufficiale and on the website **which to all effects represents an official notification for the participants in the selection.**

Settore Concorsi e Selezioni

7. All proceedings are contained in the minutes of the meetings, including all the assessment results obtained during the preliminary meeting, grading of qualifications and publications, and interview to test English language skills.

Art. 9 - Time Limits of the Selection Procedure

The Board is to conclude all necessary actions within four months from the Rector's Decree nominating its members.

The rector may extend the deadline only once and for no more than two months only in the case of exceptional and documented reasons brought forth by the President of the Board before the established deadline expires.

If all procedures are not concluded even within the extended deadline the Rector shall proceed to the substitution of the Board members, who become liable for the delays caused, establishing a new deadline for completion of the selection procedure.

Art. 10 - Determining Validity of Proceedings

Within thirty days after the proceedings are consigned, the Rector issues a Decree establishing their validity, which is published on the University's Albo Ufficiale and on the website. **This, to all effects, represents official notification** and from that date candidates have a period of time to file a complaint. The candidate selected shall also be notified.

If the Rector finds any irregularities in the proceedings he/she may make a motivated request to the Board to obtain rectification.

Art. 11 - Appointment by the Department

Within 60 days of the Rector's approval of the proceedings the Department Council that had requested the selection procedure must unanimously adhere to the decision and decide on a date to officially appoint the new researcher; to this end the Council must keep in mind the time needed to stipulate the contract.

The Department's deliberation must also be approved by the University's Board of Directors after which the researcher is invited to present all necessary documents for contract stipulation within 30 days.

If the winner renounces the position before signing the contract the Department may proceed to appoint the next candidate on the ranking list.

Art. 12 - Drawing-up of contract

A fixed-term full-time employment contract shall be drawn up and underwritten by the Rector, all elements regarding fixed-term researcher contracts specified in art. 10 of the University's Regulations must be indicated within said contract.

Given that the contract shall be pursuant to Leg. Decree n.165/2001 Art. 53, it is important to state that it cannot be accumulated with other employment contracts, research grants, Ph.D or Specialization courses, nor with any other earnings or grants from the University. As regards the researcher's duties the main duties established by law in reference to the category shall be applied. The researcher appointed will be required to abide by the University's Code of Behaviour, not doing so shall lead to termination of contract. The researcher shall also abide by norms regarding security, as established in Leg. Decree n.81/2008 and also contact the Hygiene and Security Service office of the University to gather information on prevention measures to abide by while carrying out research.

The contract is for three years and is not renewable

The position is subject to all laws regarding termination.

Art. 13 - Salary and Social Security Benefits

The gross annual salary for fixed-term full-time researcher corresponds to €. 41,877.67.
The contract is subject to all social security and fiscal taxes.

Art. 14 - Documents for Contract Stipulation

The researcher selected shall present all required documents together with all declarations certifying their requisites for appointment as pursuant to Presidential Decree 445/2000 Art. 46 and 47 to the University's Settore Personale Docente e Ricercatori office as specified in art. 3 paragraph 6, numbers 1,2,3,4,5,8,9,10,11,12,13 in this announcement. The researcher shall also present a Personal Declaration of Certification regarding their marital status, household members, whether they belong to legally protected categories, whether they receive a pension, whether they are members of professional registers; they must also declare that they are not employed in any other public or private company or institution as pursuant to Presidential Decree 445/2000, Art. 46 and 47.

If the researcher is already employed by a public institution he/she must ask for a leave of absence from their job to accept the researcher contract they have been selected for.

Before starting work the researcher must undergo a medical check-up to obtain a certificate from the University doctor stating that their health allows them to carry out the job duties required; the researcher can contact the Settore Personale Docente e Ricercatori office to make an appointment with the doctor.

The University reserves the right to carry out sample checks to verify the information and certification presented.

If the researcher selected is a non-EU citizen he/she may present declarations pursuant to Presidential Decree 445/2000 in reference to facts that can be certified by Italian public entities; if the documents or declarations are issued by the relevant authorities of the applicant's Country of origin, they must be submitted together with a translation into Italian authenticated by the Italian consular authority certifying conformity with the original.

Art. 15 - Restitution of Documents

Candidates participating in the selection procedure, aside for the winner of the selection, may make a formal request to have all of their documents restituted 60 days and no later than 12 months after the proceedings are declared valid. The University shall return said documents if no appeals are underway. The candidate can make an appointment by phoning the Area Gestione Risorse Umane – Settore Concorsi office in order to retrieve his/her documents. Once the above time period for document retrieval has passed the University shall not be liable for said documents.

Art. 16 - Personal Data

The handling of candidates' personal information is disciplined by Leg. Decree n. 196 30 June, 2003. Personal information supplied by the candidates in the application form shall be collected by the offices of the University and processed for the purposes of the procedure and for the management of relations ensuing therefrom. The provision of said information is compulsory and necessary for the correct implementation of the selection procedure. Candidates are entitled to exercise the rights provided in the Legislative Decree mentioned above, including the right of access to the data concerning them, the right to amend, update, complete or delete erroneous or incomplete data or data collected in a manner that is contrary to law, and to object to processing for legitimate reasons.

DEPARTMENT OF INFORMATION ENGINEERING, COMPUTER SCIENCE AND MATHEMATICS

Public selection procedure to recruit 1 fixed-term full time Researcher in compliance with Art. 24, Par. 3, Letter B) of Italian Law 240/2010. Academic Recruitment Field 01/B1 – Informatics – Academic Discipline INF/01 – Informatics.

Place:

Department of Information Engineering, Computer Science and Mathematics

SPECIFIC ACTIVITIES

Research Activities: The candidate selected will be required to carry out research activities in the field of Software Engineering with special focus on automatic synthesis techniques for the production of service distributed systems. He/she shall also carry out: scientific, design and management activities in planning, developing and coordinating national and European research projects; research promotion activities and organization of research groups connecting the Department to international networks.

Teaching Activities, Integrated Activities and Services for the Students: The candidate selected will be required to carry out: teaching activities in the Bachelor's level degree courses, Master's level degree courses and Ph.D. courses related to Academic Discipline INF/01; teaching courses and seminars also in English; taking an active role in the University orientation and tutoring initiatives. In particular, he/she shall be teaching the "Software & Service Engineering – Module Service Oriented Software Engineering" course of the Master's level degree in Informatics (LM – 18).

FOREIGN LANGUAGE REQUISITE: English

NUMBER OF PUBLICATIONS: Candidates are required to submit no more than and no less than 12 publications.

ASSESSMENT CRITERIA: With due regard for criteria and parameters indicated in Ministerial Decree n. 243, 25 May 2011, the Examining Board will assess the candidate considering the high quality level of his/her scientific production, documented by publications in top international journals and conferences. International bibliometric tools such as Google Scholar, Scopus, ISI Web of Knowledge will be used, which will support to assess the research activity impact. Other qualifications such as the National Scientific Qualification, participation in national and international conference/workshop scientific committees, organization of international conferences/workshops, editorial activities, international prizes and awards, etc. will also be considered. Managerial or coordinating positions of national and European research projects will also be assessed. Documented research experience in the academic field INF/01 for at least 10 years will be considered particularly qualifying.

Department of Industrial and Information Engineering and Economics

Public selection procedure to recruit 1 fixed-term full time Researcher in compliance with Art. 24, Par. 3, Letter B) of Italian Law 240/2010. Academic Recruitment Field 09/E3 – Electronics - Academic Discipline ING-INF/01 – Electronics.

Place:

Department of Industrial and Information Engineering and Economics

SPECIFIC ACTIVITIES

Research Activities: The candidate shall carry out research activities focusing on issues concerning the academic discipline ING-INF/01 – Electronics, particularly in the field of sensor electronic interfaces, signal processing circuit and system design, noisy signal recovery, low-power microelectronic circuits and systems design, data acquisition systems, optical and photonic devices and metamaterials. Also in the field of microelectronic systems, that is microelectronics completing quality analog part with digital processing at transistor level, generating mixed circuits which better apply to the VLSI integration issues that the development of microelectronic systems require, and the integration of electronic technologies with optoelectronic systems on-chip. Further, with specific reference to local and national industrial environment, the researcher shall deal with “Low-power mixed-signal into complex systems”, that is, the integration of complex electronic systems on-chip built by elementary components mixed analog and digital, at low, medium, and high frequency. These are characterized as totally functions embedded, low power dissipation, low voltage and high speed features. A typical application of such an approach is sensoristics in general, which shall be integrated into the even more complex system including A/D conversion, digital processing and communication network insertion.

Teaching Activities, Integrated Activities and Services for the Students: The Department of Industrial and Information Engineering and Economics (DIIE) will determine the teaching activities to be carried out by the selected candidate in relation to institutional courses of the academic discipline ING-INF/0, with particular focus on Basic Electronics, Microelectronics, Integrated Electronic Systems Design, Digital Electronics II and Photonics. The researcher shall be a member of examination and thesis discussion committees, and assist students in training and thesis work.

DEPARTMENT OF BIOLOGICAL AND APPLIED CLINICAL SCIENCES

Public selection procedure to recruit 1 fixed-term full time Researcher in compliance with Art. 24, Par. 3, Letter B) of Italian Law 240/2010. Academic Recruitment Field 11/E1 – General Psychology, Psychobiology and Psychometrics - Academic Discipline M-PSI/01 – General Psychology.

Place:

Department of Biological and Applied Clinical Sciences

SPECIFIC ACTIVITIES

Research Activities: the research activity will focus on the relationship between the circadian organization of the sleep-wake cycle and the main psychological functions (attention, emotion, memory, learning, executive functions). Particular emphasis shall be given to the study of the role of sleep in memory consolidation of information, to the effects of sleep deprivation on high cognitive functions and on emotional control of methods contrasting daily sleepiness due to sleep deprivation or sleep-wake cycle alteration.

Teaching Activities, Integrated Activities and Services for the Students: The researcher shall carry out integrated teaching activity in the academic discipline M-PSI/01 or in related subjects anyhow concerning the Academic Recruitment Field 11/E1 taught in the Bachelor's level degree in Psychological Sciences and Techniques (L – 24), in the Master's Degree in Psychology (LM – 51) and in the Ph.D courses. The researcher shall be a member of examination committees, play an active role in orientation and tutoring activities, and supervise thesis and Ph.D dissertation work.

Academic qualification/degree requisite: Ph.D. in Psychology or Neurosciences.

FOREIGN LANGUAGE REQUISITE: English

NUMBER OF PUBLICATIONS: Candidates are required to submit no more than 20 publications.

ASSESSMENT CRITERIA: With due regard for criteria and parameters indicated in Ministerial Decree n. 243, 25 May 2011, the Examining Board will assess the candidate considering the overall quality of his/her scientific activity, continuity in time and relation with the Academic Recruitment Field M-PSI/01, or anyhow with issues related to the Academic Field 11/E1. The quality of scientific production will be documented by the international impact of the journals in which the publications submitted are published. International bibliometric tools such as Scopus and ISI Web of Knowledge will be used, which will support to assess the research activity quality. In the overall evaluation of the CV and of the publications submitted the Examining Board shall consider: research experience in the field documented by the Ph.D. thesis and by other publications related with the research activity outlined in this announcement; post-doctorate/research grants and research contracts within the academic field; any teaching activity in the Bachelor's level degree in Psychological Sciences and Techniques (L – 24) or in the Master's Degree in Psychology (LM – 51); National Scientific Qualification in the Academic Recruitment Field 11/E1.

DEPARTMENT OF PHYSICAL AND CHEMICAL SCIENCES

Public selection procedure to recruit 1 fixed-term full time Researcher in compliance with Art. 24, Par. 3, Letter B) of Italian Law 240/2010. Academic Recruitment Field: 02/A1 - Experimental physics of fundamental interactions - Academic Discipline: FIS/04 – Nuclear and Subnuclear Physics.

Place:

Department of Physical and Chemical Sciences

SPECIFIC ACTIVITIES

Research Activities: the researcher shall carry out research activity in the field of high energy Cosmic Rays measurement with earth detectors, Monte Carlo simulation codes and data analysis procedures. In particular, research activity will focus on the development and application of codes aimed at:

- (1) simulation of interaction processes of cosmic rays and secondary particle transport in the atmosphere;
- (2) simulation of interaction processes of secondary particles and detectors with particular attention to their response measurement;
- (3) simulation of response and performance of muon-detectors to be associated with fluorescence and surface detectors in order to increase primary mass detection.

Teaching Activities, Integrated Activities and Services for the Students: The researcher shall carry out his/her teaching activity in the Department of Physical and Chemical Sciences in the field of Experimental Physics according to the priorities given by the Department itself. Support for students of regular degree courses and Ph.D. courses is required.

FOREIGN LANGUAGE REQUISITE: English

NUMBER OF PUBLICATIONS: Candidates are required to submit no more than 20 publications relevant to the profile outlined.

ASSESSMENT CRITERIA: With due regard for criteria and parameters indicated in Ministerial Decree n. 243, 25 May 2011, the Examining Board will assess the candidate's teaching experience in the above-mentioned fields. Place:

Department of Human Studies

SPECIFIC ACTIVITIES

Research Activities: The researcher will be required to carry out research activities in the main trends of the philosophy of language, with particular emphasis on the analytical approach as well as on the intersections of philosophy of language, philosophy of the mind, epistemology, metaphysics and cognitive sciences. Besides doing research in the field of philosophy and theory of languages, the researcher shall spread his/her scientific production through international publishing channels.

Teaching Activities, Integrated Activities and Services for the Students: According to what prescribed by the law in force, the researcher shall carry out teaching activities in the Academic Recruitment Field M-FIL/05 – Philosophy and Theory of Languages as well as integrated teaching activity including tutoring and supervising students and Ph.D thesis.

Foreign Language Requisite: English

NUMBER OF PUBLICATIONS: Candidates are required to submit no more than and no less than 12 publications.

ASSESSMENT CRITERIA: With due regard for criteria and parameters indicated in Ministerial Decree n. 243, 25 May 2011, to assess the publications and the overall CV of the candidate the Examining Board will consider the following criteria:

- a) original and innovative scientific production as well as sound methodology;
- b) consistency of the candidate's activity with the subjects included in the academic disciplines object of the selection procedure with particular focus on coherence with the profile indicated by the Department;
- c) scientific relevance of the journals of the publications and their dissemination within the scientific community;
- d) continuity in time of scientific production in relation also to the evolution of knowledge in the specific academic field.

The following qualifications shall anyhow be specifically assessed:

- a) Ph.D or equivalent degree
- b) research grants;
- c) positions held in Universities and Italian/foreign Research Bodies;
- d) any research activity carried out in public/private Italian/foreign Bodies;
- e) any teaching activity carried out abroad.

Department of Life, Health and Environmental Sciences

Public selection procedure to recruit 1 fixed-term full time Researcher in compliance with Art. 24, Par. 3, Letter B) of Italian Law 240/2010. Academic Recruitment Field: 05/H1 Human Anatomy - Academic Discipline: BIO/16 – Human Anatomy.

Place:

Department of Life, Health and Environmental Sciences

SPECIFIC ACTIVITIES

Research Activities: Research activity shall be carried out in the Academic Discipline BIO/16, mainly in the study of female reproductive system. Investigations will focus particularly on structural and ultrastructural studies of female gonad in humans and other mammals, using optical, electronic and confocal microscopy as well as immunoistochemical and biomolecular techniques. This, in order to analyze morpho-functional adaptations of germ and somatic cells to different life periods, to the application of assisted reproductive techniques and to various “in vivo” and “in vitro” experimental conditions.

Teaching Activities, Integrated Activities and Services for the Students:

The researcher shall carry out research activity in the Academic Field BIO/16, as established by the Department. Integrated teaching activity, tutoring and services to the students of Bachelor's Degree level courses, Master's Degree level and one-cycle Master's Degree level courses and post-degree training are also required.

Foreign Language Requisite: English

NUMBER OF PUBLICATIONS: Candidates are required to submit no more than and no less than 12 publications.

ASSESSMENT CRITERIA: With due regard for criteria and parameters indicated in Ministerial Decree n. 243, 25 May 2011, the Examining Board shall assess research experience documenting sound skills in the Academic Discipline BIO/16, with particular focus on optical, electronic and confocal microscopy applications in the study of Female Reproductive System.
